ABOUT OUR PRODUCTS

YouthBuild Louisville is an education and construction training program committed to ensuring young adults are prepared life long success.

Our garden bed product line is an entrepreneurial student venture to model quality carpentry, good business practices, and customer service.

Our red cedar garden products are handcrafted by trainees at the YouthBuild Louisville Green Campus Workshop in Smoketown. The corners of each product are carefully joined and all edges and surfaces are sanded for a smooth finish.

We take great pride in our work as a local, socially responsible business that supports the young people in our community.

Thank you for purchasing your YouthBuild Louisville garden product. Together, we champion young adults to be great citizens who build productive lives and sustainable communities, while growing happy gardens.

Call 502 -290 -6121 to order your YouthBuild Louisville garden products!

We love multiple orders for community gardens and apartment complexes! Ask about how we provide support for your project.
